## MORTIMER NOT GUILTY

VERDICT OF JURY IN STARRING ROBBERY CASE.

The Twelve Men Deliberate One Hour -Wife of Defendant Gives Way to Tears.

A verdict of not guilty was reported by the jury in Criminal Court No. 1 at 5:30 o'clock yesterday afternoon, and a few moments later Lewis Mortimer Monroe, who had been on trial since Monday last, under an indictment alleging the larceny of jewelry, valued at \$9,000, from Mrs. Olivia C. Starring, left the city hall a free man. He had been a prisoner since the 7th

of May, the day of the alleged robbery. The final argument to the jury by United States Attorney Gould was not concluded until 3:55 o'clock. In instructing the twelve men as to the law governing the case, Justice Anderson spoke for thirty-five minutes. The jury conferred for just one hour, and the verdict of acquittal was then announced. When the strain was over and she realized that her husband had been vindicated the wife of the defendant gave way to tears as she clung to him. Mr. and Mrs. Monroe, after receiving the congratu-lations of counsel and others proceeded to

a hotel. It is understood that hereafter Mrs. Starring will reside in Baltimore, where she has considerable property.

Amendment Regarding Nulsances. The District health officer, Dr. W. C. Woodward, has suggested the following amendment to the ordinances of the board Blue Flame Oil Stoves-20 makes and of health regarding nuisances:

" 'That no person owning or having possession or control of any land in the District of Columbia shall allow water to stand thereon in any manner whatsoever, so as to endanger the health of persons living in the vicinity of such land. Any person who shall violate the provisions of this section, shall, upon conviction thereof, be punished by a fine not exceeding \$50."

"This recommendation is made in view of the relation between standing water and ill health, while the law now in force, so far as it requires the removal of such water, seems to be predicted rather upon considerations of personal comfort, as it requires the removal of foul water only.
